tattooing is the most magicka l thing i canm do.
 it's about the ritual. i am trapping a moment, power
 myself, magick in my skin, binding it to me. i am
 entering something into my blood. i am changing my
 body on my own terms as i wat ch the ink mix with
 drops of blood.
 ink. fire. blood. that is what i am made of. light
 the candle, hold the needle, dip it in the ink,
 welcome the magick into my blood.

before i do atattoo, i light a candle on my altar
 and use it to say the following blessing while
 sterilizing the needle.

bless this ink
 bless this blood
 bless the one
 to who it is done

in the name of Satan, Lilith, and Lucifer
 Morrigan, Baphomet, and Cailleach Bheura
 guide my needle well

what does it mean to make art that someone carries with them on their skin until they ~~shrive~~ shrivel away and die, left as soil that feeds the trees, which die and become dirt until they haventered the same beautiful cruelty. what does it mean to make art so incredibly mortal, far more so than a painting, hanging on a wall accumulating dust centuries beyond the life of its painter. what does it mean to enter yr pain and yr faith, yr joy and yr sorrow, into another's blood, letting yr wounds become a part of them they can never take off. what does it mean to carve something onto someone like a scar, like the ones on yr legs, in crisscrossed lines holding you together.

what does it mean, with the needles, and the ink, black as midnight, piercing skin.

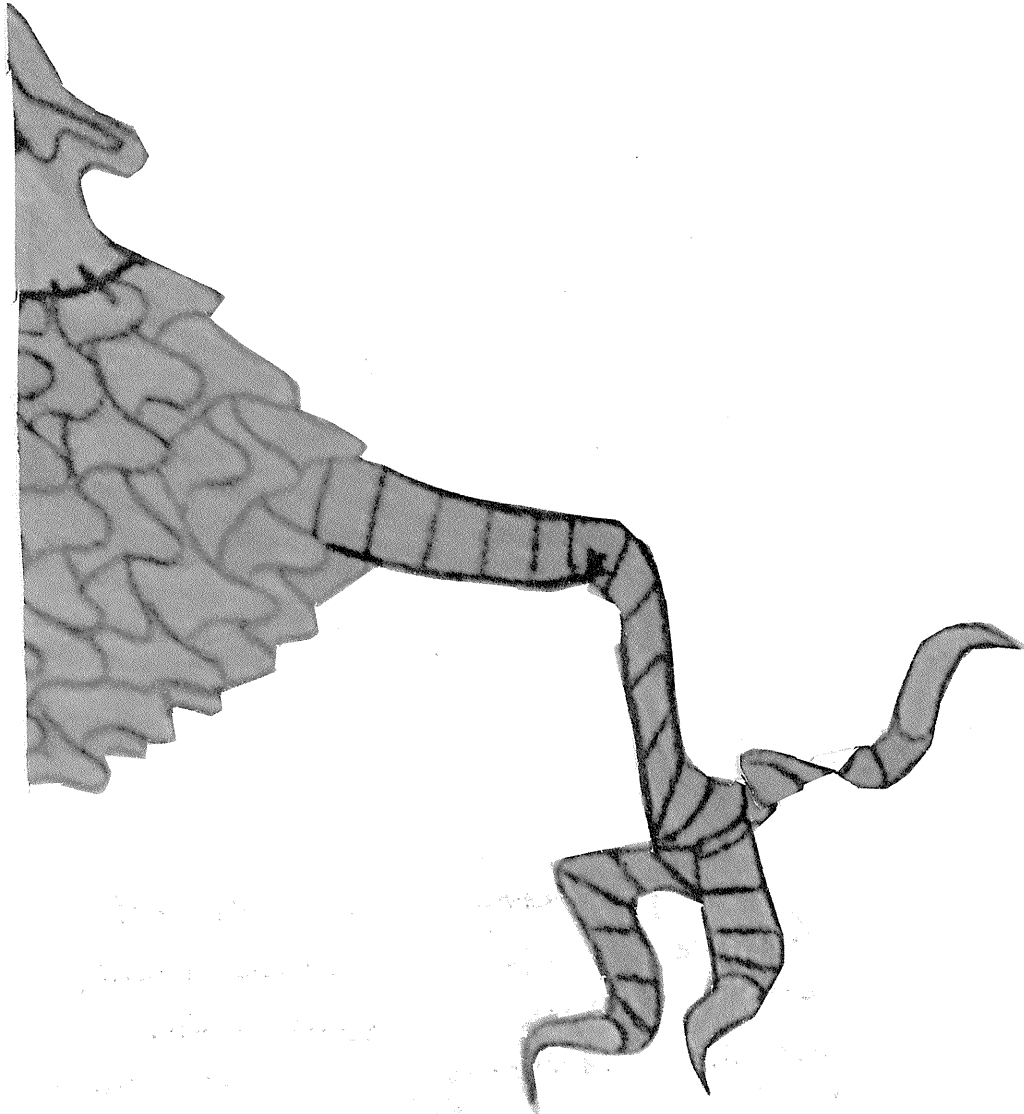

↑
my poetry is bad, but for real, tattoos are some fuckin crazy blood magick shit. yer literally stabbing ink into someones blood with needles, which is a pretty fucking powerful thing, take it seriously.

HOW TO DYE YR HAIR

1. BEFORE, MAKE SURE YR HAIR IS BLEACHED TO THE RIGHT SHADE. IF YR HAIR IS BLACK OR DARK BROWN, YOU SHOULD PROBABLY BLEACH IT AT LEAST A LITTLE; IF YR HAIR IS LIGHT BROWN/BLONDE, YOU'LL PROBABLY GET DECENT RESULTS, BUT NOT AS BRIGHT AS LIGHTER HAIR. WASH + DRY YR HAIR.
2. BEFORE YOU START DYING, GATHER YR MATERIALS; YER GONNA NEED DISPOSABLE GLOVES, DISPOSABLE CUPS, BRUSHES, SHOWER CAPS, TINFOIL, AND HAIR DYE (I LIKE ARCTIC FOX + MANIC PANIC)

3. HAVE A FRIEND (WEARING GLOVES) EMPTY THE HAIR DYE INTO A CUP. HAVE THEM USE THE BRUSH TO PAINT ON A THICK COAT OF DYE TO STRANDS OF HAIR, USING THEIR HANDS TO SMOOTH IT OUT, IF YA WANT, WRAP THE DYED BITS IN TINFOIL TO KEEP 'EM AWAY FROM YR OTHER HAIR.

4. WHEN YOU'VE FINISHED, PUT ON A SHOWER CAP + SIT FOR AT LEAST 30 MIN. WASH OUT THE DYE (IT'LL BE MESSY) AND YER DONE!

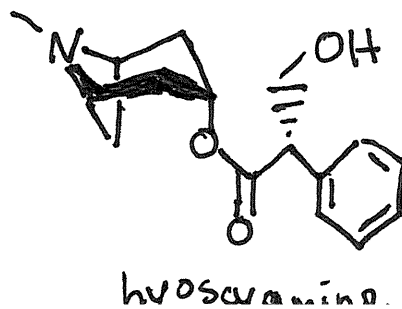

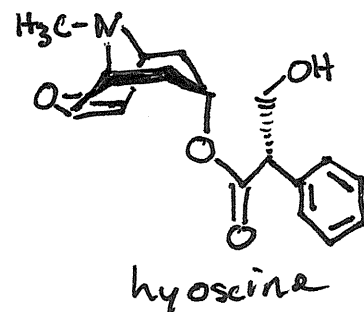

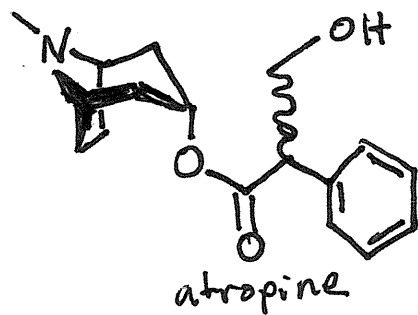

nothing has corrupted me more than
reading poisonous books.

go to yr library, a bookstore,
archives on the internet, yr friends.
read stuff, novels, manifestos, theory,
poetry, erotica, nonfiction, history, fantic,
whatever.

print zines 'n stuff from the
internet. and share 'em. lend yr
books to people - literature and all
other art is a right not a privilege.

towards people we personally dislike.

BB! 4 Points of Unity

1. Fight for liberation, nothing more, nothing less. State recognition in the form of oppressive institutions such as marriage and militarism are not steps toward liberation but rather toward heteronormative assimilation.
2. A rejection of Capitalism, Imperialism, and all other forms of State power.
3. Actively oppose oppression both in and out of the "movement". All oppressive behavior is not to be tolerated.
4. Respect a diversity of tactics in the struggle for liberation. Do not solely condemn an action on the ~~grounds that the State deems it to be illegal.~~ grounds that the State deems it to be illegal.

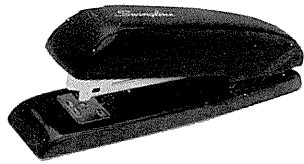

**BASH BACK IS
DEAD!
BASH BACK
FOREVER!**

Bash Back! was an insurrectionary queer anarchist tendency active from 2008-2010. they started to serve as a queer prescence at the DNC&RNC protests. while they were active, they did things like glamdalyzing cop cars, protesting anti-queer churches, and crashing pride. BB! eventually disbanded over concerns that they were becoming too focused on identity politics, something they're inherently against.

teach me to disappear like you
taught the people before me
let me sink into the couch cushions
until they consume me
不见

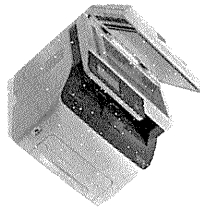

i asked them
do you think that i am dirty
now that my hands have grown claws
carving out a space inside me
where maybe someone else could fit
so i let them swallow me whole
and throw me up
binge me like their favorite show
and i would close my eyes and let it
unfold
while the thousand paper cranes on the ceiling
refused to fly
because the paper is flimsy
and creased
lighting the matches
and watching myself burn

tattooing: draw on the design with pen, the clean the area you'll be tattooing with alcohol. dip the needle in the ink, making sure it gets soaked up well. poke it into the skin, stopping when you feel a slight pop. every 2-3 pokes or so, get more ink. excess ink will probably end up on the skin, so wipe it off with rubbing alcohol and cotton rounds. it will probably require a few times over to achieve the desired result, so be patient!

aftercare:

when yr done, wash the area immediately with unscented soap. apply the sterile bandage, securing it with medical tape. keep on the bandage for a day or so, then take it off. wash the area gently with unscented soap, and apply moisturizer a few times a day. do not submerge it in water, expose it to sunlight, or scrub at it/treat it roughly. it usually takes 2^{ish} weeks to heal.

- medical tape

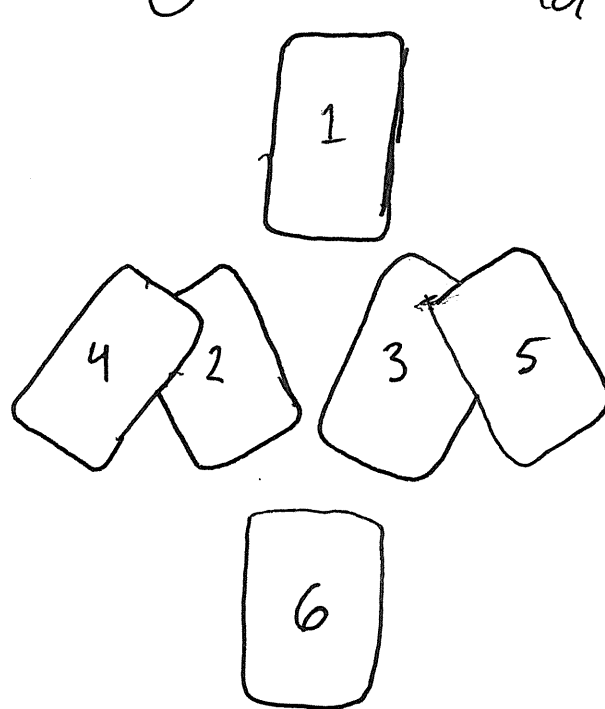

hygiene:

before starting, wash yr hands well. lay yr materials out in a clean, uncluttered area. put on gloves + pour india ink into one of the containers, and rubbing alcohol in another.

needle:

ideally, you should buy handpoke tattoo needles, which come sterilized, online. this is not an option for everyone, so here is how to make one. first, take yr sewing needle and hold it over the flame for a while. wipe off the residue with an alcohol-soaked cotton round. place the needle securely in the space between the eraser + the metal bit at the end of the pencil. tape one end of the thread to the pencil, and wrap it around the needle until only the last 1mm is showing. make sure there are

Genders Spread

1. What outside forces affect yr gender
2. Yr relationship with masculinity
3. Yr relationship with nonbinary genders
4. Yr relationship with femininity
5. Yr relationship with ^{the}gender/genderless
6. Yr relationship with ^{the}monstrously queer, that which cannot be contained or categorized, which resists attempts by straight society to define it.

i recently ordered a new binder, and i performed this little ritual the night it came. feel free to change or add to it as much as you want, whatever's right for you. *note: this is specifically for queer&trans people who use binders for gender-related reasons; not all people who bind are trans.

before you start, create an atmosphere that makes you feel comfortable. light some incense, play some music, have a cuppa. take yr binder and place it on yr altar or other sacred space. if you don't have one, find a place dedicated to this ritual for now. light a candle, and say "Baphomet" 3 times. call upon hir energy and power to charge yr binder. Baphomet is the diety of Transness, envision hirs duality, hir nature. ze is the ever-changing motion of life. meditate on this. think of the ways in which being trans is revolutionary, liberatory; the ways in-which we are shapeshifters, defying the laws of what is and is not fixed; becoming fluid; becoming dangerous. focus this energy on the binder, willing it to help you stay strong even when dysphoria and all the evils of oppression beat you down. say "Baphomet" 3 more times, then blow out the candle. leave the binder on yr altar overnight.
